SUMMARY OF DEPOSITED ORGANOID MODELS

COLORECTAL

Derived from patient primary tumour.....	4	
Derived from patient metastatic site	5	
Derived from patient normal adjacent tissue.....	2	
Derived from xenograft of patient primary tumour	4	
Derived from xenograft of patient metastatic site	11	
	26	Total

PANCREAS

Derived from patient primary tumour.....	14	
Derived from patient metastatic site	2	
Derived from xenograft of patient primary tumour	17	
	33	Total

LUNG

Derived from patient primary tumour.....	5	
Derived from xenograft of patient primary tumour	3	
	8	Total

TOTAL ORGANOID MODELS **67**
